56.3	17.9	P	70.4	22.4	Z +1
57.0	18.1	P ½	71.0	22.6	Z +2

Please Note;

Your ring size may change slightly over the day as your hands respond to the weather, humidity or your activities. You may like to check your ring size at different times through the day to gauge the best size for you.

For most accurate results though, Deb's Finest recommends consulting a jeweller to establish your ring size.
